The procedures were performed in accordance with FAR's recommendation RevR 9 *Other statements by the Auditor in accordance with the Swedish Companies Act and the Companies Ordinance*. This recommendation requires that we plan and perform the procedures to attain reasonable assurance that the Board of Directors' proposal is free from any material misstatement. The procedures have involved the execution of various activities to obtain evidence about the financial information and other disclosures in the Board of Directors' proposal. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement in the proposal, whether due to fraud or error. In making this risk assessment, the auditor considers the elements of internal control relevant as to how the Board of Directors prepare their statements, in order to design procedures that are appropriate under the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. The procedures have been limited to an overall review of the report and documentation for the report, and to queries presented to the companies' personnel. Our opinion is therefore based on limited assurance compared with an audit. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis to provide a basis for our opinion.
